Take control of your future

ISCEA training and certification programs provide you with the knowledge required to improve both your supply chain processes and your career.

Grab the best job opportunities

75 percent of employers prefer to hire certified professionals for supply chain positions, and ISCEA certificate holders are getting the best paid jobs.

Be recognized around the world

ISCEA is the worldwide authoritative resource for supply chain career validation with certificate holders in 47 countries on 6 continents.

| INTEGRATED LOGISTICS FOCUS

The CPLM program is designed to help logistics professionals to demonstrate deep understanding on the concepts and skills of modern logistics management. Three major areas are covered in the CPLM program, namely (i). the logistics overview, strategy, and design; (ii). The logistics core functions, and (iii). The contemporary issues. With CPLM designation, you are recognized by your peers by the mastery of common logistics vocabulary, principles, best practices, and decision tools.

| About ISCEA exams preparation courses

“ *It is a comprehensive opportunity to really learn about supply chain, technology and strategy - Michael Atwater, Entergy Corporation*

It puts you in contact with Supply Chain's new trends - Donny Paniagua Ruiz, Florida Ice and Farm Company

This was a great experience. Even after a long time of service, I still learned a lot - Neven Mladina, Kellogg Brown & Root

I gathered lots of information and ideas to be implemented in our current business projects - Shino Thomas, Theodore Wille Intertrade

The course provides a different perspective. It clarified concepts that I previously perceived as too complicated to me - Zamira Alfonso, Axionlog

My expectations were met. The content is updated and provides a good perspective on the Supply Chain - Diana Diaz Porras, Colombina

It is a practical course. I was able to improve both my skills and knowledge. I recommend it! - Rosa Oritz, General Motors

There is a great amount of knowledge delivered - Robinson Alejandro Prieto Camelo, Bimbo Group

Very good! Top level! - Waldemar Nunez, Costa Rican Institute of Electricity

The content is concrete and precise. It provides you with the power to influence corporate decisions - Amalia Sepulveda, Independence

I recommend it for both those who need to learn the basics, and those working with these concepts on a daily basis - Carolina Sánchez Barrantes, Freudenberg Medical

” *I learned that any problem can be approached from different angles, but you have to remain focused on customer satisfaction and the organization's strategy - Rodrigo Alan Gonzalez Silva, Tyson Foods*

| About ISCEA
